## PREFACE

---

The publishers of this Directory of the city of Palatka for the year 1915, have labored under many disadvantages, they have met with many obstacles which at times it seemed it would be impossible to overcome, but by persistent effort we feel that we are giving to Palatka the best book of its kind that it has ever had. Such was our intention when we began the work. To the best of our knowledge and belief, we have taken an accurate census of the city and our report of the population is not based upon a rule of tabulation, but upon a count of the polls. We do not, nor can any publishers guarantee the absolute correctness of a Directory, from the fact that the information is derived from many channels and it is impossible for us to vouch for its accuracy. We have done our conscientious duty to place before the public such information and facts regarding the State, County and City as will best serve its interests. To those citizens who have helped us by their patronage, we extend our hearty appreciation and esteem—subscribers and advertisers alike—and trust that the new year will be for them one of the most prosperous in history of Palatka.

Very truly yours,

DE NAZARIE & WELLS.

# General Information

## State Government

Governor—Park Trammell.  
 Secretary of State—H. Clay Crawford.  
 Attorney General—T. F. West.  
 Comptroller—W. V. Knott.  
 State Treasurer—J. C. Luning.  
 Supt. of Public Instruction—W. N. Sheats.  
 Commissioner of Agriculture—W. A. McRae.

There are 64 State Senators representing 32 Districts, and 72 Representatives from the 50 counties in the State, which will this year enact laws for our government.

## EIGHTH JUDICIAL CIRCUIT.

Circuit Judge—J. T. Wills, Gainesville.  
 Prosecuting Attorney—A. V. Long, Starke.

## County Government

### OFFICERS.

Clerk Circuit Court—Henry Hutchinson.  
 Deputy Clerk—Henry Hutchinson, Jr.  
 Sheriff—Robt. Lee Kennerly.  
 Chief Deputy—W. H. Minton.  
 Office Deputy—R. C. Howell.  
 Judge—E. E. Haskell.  
 Supt. of Public Instruction—J. D. Cottingham.  
 Tax Assessor—Geo. F. Bullard.  
 Tax Collector—R. J. Hancock.  
 Treasurer—Augustus S. Willard.

Supervisor of Registration—Hennis Petermann.  
 Surveyor and Engineer—Randall Wells.  
 Justice of the Peace—John E. Marshall.

---

#### BOARD OF COUNTY COMMISSIONERS.

D. P. Hancock, Bostwick.  
 W. C. Alvers, Sisco.  
 E. B. Perry, Hawthorne, R. F. D. No. 2.  
 T. M. Waldron, East Palatka.  
 J. H. Millican (Chairman), Palatka.  
 Henry Hutchinson, Sr., Clerk and Auditor.

---

## Biographical Sketches

### DAVID P. HANCOCK.

David P. Hancock was born and reared at Bostwick, in this County, and educated in its public schools. Everybody in the County knows him and when his neighbors and friends sent him to the County Seat to represent them and to help administer the affairs of the County, they made a wise selection, as has been proven by his re-election. Before he became County Commissioner he was the efficient Postmaster of Bostwick, which important office he filled acceptably for twelve years. He is a progressive farmer and successful stock raiser, and comes from a family who during the years past, and at the present time, do take an important part in the administration of County affairs.

---

### WILLIAM C. ALVERS.

William C. Alvers was born on Washington's Birthday in the year 1842, in an old fort in Alachua County, at a place which has since been named Fort Harley. When quite a young child he sustained the loss of his father. Together with his widowed mother (at the age of 13), they moved to Welaka, in this

County, where he remained until 1860. At this period he moved to Orange County, settling at Orlando. At the outbreak of the Civil War he joined Company I, 7th Florida Regiment, serving throughout the war with the exception of a short vacation the "Yankees" gave him at Rock Island prison for eighteen months, he being a prisoner of war. After the war and his release from Rock Island he returned to Welaka, remaining until twenty-three years ago, when he settled in Putnam County, at his present home in Sisco. Mr. Alvers has been a County Commissioner of this County for six years and was the Chairman of the Board. He is a jolly good fellow, a genial and courteous gentleman, a great lover of outdoor life, a mighty hunter and a prince among his fellows in the matter of entertaining his friends.

---

### EMRA B. PERRY.

Emra B. Perry was born in 1862, near old Fort Harley in Alachua County. When an infant, death claimed his father and at the age of six years his widowed mother took her two children and moved to Mt. Royal in this County; later on they moved to Marion County, but not being suited they returned to Alachua County, settling near Waldo. After residing there nearly two years Mr. Perry came again to Putnam County and took up his abode at Putnam Hall. The country around Melrose appealed to him, and he located about two miles south of the present town in 1872. He engaged in farming and fruit growing and has always taken an active interest in County politics. Four years ago he was elected County Commissioner and last fall was re-elected to serve the present term. His work on the Florahome drainage board, of which he is chairman, has been highly commended by the people in that district, and his actions on the Board of County Commissioners have given satisfaction, and met with public approval.

## T. M. WALDRON.

T. M. Waldron at the last election was chosen to represent his District on the Board of County Commissioners. He first saw the light of day at Scriven, Wayne County, Georgia, in 1878. He came to Putnam County about twenty years ago, but his residence was not permanent until 1900, when he located at East Palatka, where he is engaged in farming and is successful in his chosen avocation. This is his first political office and with the assistance and co-operation of his fellow Commissioners, he expects to do good work for the County.

## J. H. MILLICAN.

J. H. Millican was born in North Carolina and came to Florida in 1897, residing at Waldo, in Alachua County, for about seven years. He received his education primarily in the public schools, but finished later at the Massey Business College in Jacksonville. He came to Putnam County in 1903, locating at Orange Mills, and engaged in the naval stores business. As a farmer he has proved successful, as a business man he has proved efficient and capable. At the last County election he was chosen to represent his District as County Commissioner, and upon the organization of the new board he was unanimously selected as Chairman. Mr. Millican is also assistant cashier of the State Bank of Palatka.

## HON. HENRY HUTCHINSON.

In Tallahassee on October 20, 1855. This was the announcement of his birth. For several years he remained in that quaint old city, from whence came many illustrious men and makers of Florida history, until he had received as good an education as possible in the private schools, after which he was sent to La-

fayette Institute in New York, to receive the final education which was to fit him for life's duties. While in New York his parents moved to Crescent City, where he joined them shortly after the Civil War. His father being engaged in horticulture, Henry joined him, but later on assumed control of the business. In 1891 he was elected to the Legislature. In 1908 he was chosen by the people of Putnam County as Clerk of the Circuit Court, and re-elected in 1912. In politics he is a Democrat, adhering closely to party lines and principles. Henry Hutchinson is a man that is optimistic to a great degree, and a man who looks only for the good in humanity. His deeds of kindness done without ostentation and hope of reward have endeared him in the hearts of his friends. As an official no fault can be found in the conduct of his office. He is a member in high standing in Masonic Order, K. P., and the Elks.

## HENRY HUTCHINSON, JR.

Henry Hutchinson, Jr., born in 1886, at Oakwood Grove near Crescent City. A Floridian in every sense of the word; a genial good fellow, who by hard work is making for himself an enviable reputation, both in political and social life.

For a season he was the efficient foreman for the Preston Manufacturing Co., which position he resigned to assume the duties of Chief Deputy Clerk of the Circuit Court.

On July 20, 1910, he was married to Miss Beatrice L. Hawkins. They have one child—a bright little fellow, whose picture can be found in this directory; his appellation is Henry III.

## HENNIS PETERMANN.

Hennis Petermann—Everybody in Putnam County knows him; he was born in Palatka on August 20th, 1855; was educated mainly in private schools and received his final education at college in Suwanee, Tenn. During the Civil War he resided at Orange Springs. He has held a public office in the county since he became 21 years of age. Mr. Petermann is a gentleman of sterling character and at present holds the responsible position of Supervisor of Registration for both the County of Putnam and the city of Palatka.

## GEORGE F. BULLARD.

George F. Bullard was born in Twiggs County, Georgia, September 24, 1848. At the age of 16 he saw active service in the Confederate Army. He has been an assessor of taxes nearly all of his public career. Four years he served Telfair County, Ga., in that capacity. He came to Putnam County in 1879 and in 1897 was chosen assessor, which office he has filled for almost twenty years. His judgment in the assessment of lands and knowledge of values has created for him a reputation unsurpassed by any other official of the County.

## JOHN E. MARSHALL.

John E. Marshall, the present Justice of the Peace for the 8th district, was born in Boston, Mass., and came to Putnam County in 1878. He engaged in horticulture and was successful. Since 1880 he has been a servant of the public, having served as County Commissioner for two terms. He was admitted to the Bar in 1893, at which time he took up his residence in Palatka and practiced his profession. In 1909 he was elected Justice of the Peace, which office he now holds.

## Palatka

Palatka is 55 miles south of Jacksonville and the two cities are connected by the St. Johns River and two different railroad lines. In all Palatka has four separate railroads. Palatka is easy to reach, it being at the head of deep-water navigation on the St. Johns, to which steamers and sailing vessels come for products of our mills and factories. Only one other point in Florida equals Palatka in transportation facilities. It is the seat of justice of Putnam County, which has approximately 20,000 in population. Eighteen foreign countries are represented and nearly every state in the Union. There are 12 miles of vitrified brick streets in the city and about 20 miles of concrete sidewalks. As a residential city, Palatka has exceptional advantages: It is sanitary, with good sewerage, waterworks, electric and gas plants, ice factory, public library, well-stocked stores, churches and schools. There are no saloons and we claim the town is a good one in which to live. It is a law-abiding community. Noble trees shade its streets, and the city is attractive enough to cause scores of people prominent in various walks of life to make frequent and protracted visits. Our facilities to entertain visitors are better now than ever before and equal to any in the state. Palatka has good hotels, desirable apartments for light housekeeping, large rooming and boarding houses, and fine restaurants. Palatka's commercial advantages are many, every form of business is represented, with good stocks. Freight rates are lower by reason of water shipping facilities, and accordingly the cost of living is less. No heavy clothing and expensive fuel bills. Its important factories and mills, secure to the city a large payroll, making a uniform income the year round—with no seasons off.

Palatka is considered by men who travel and sell goods, to be one of the safe, solid and progressive cities of Florida. You can believe in Palatka, the city

of promise, the place of good deeds, the community of ambition. Her laws, her institutions and the principles for which she stands are right. Her future is insured by reason of her excellent railroads, her fine water facilities, and the best twelve months climate in the world. We believe in the Palatka spirit, the master of destiny, the inspirer of courage, the stimulus of progress. We believe that it will create nobler enterprises, larger institutions and a happier citizenship.

We believe that its potency, capability and power will be manifest in a bigger, better and broader Palatka. We believe in her artisans and laborers. We believe in her stores, factories and institutions. We believe in the honesty, integrity and dependability of her citizens and believe that nothing can stop their commercial advancement and prosperity.

Palatka's population is 7,358, of which 3,585 are colored.

## City Government

### OFFICERS

S. J. Kennerly—Mayor.

W. A. Williams, Jr.—Clerk.

H. F. Lecks—Treasurer.

Police Department—R. A. Varnes, chief; C. M. Livingston, 1st officer; J. B. Barber, 2d officer; H. S. Bennett, 3d officer.

These officers are trained men, and the court records show that they have done much toward making Palatka a city to be shunned by evil doers.

### SEVEN CITY WARDS.

The city is divided into seven wards. The City Council is made up of two men from each ward. The

following named gentlemen serving for the present term:

First Ward—W. P. Merriam, F. H. Wilson.

Second Ward—J. H. Yelverton, Jr., J. M. Pounds.

Third Ward—Benj. I. Gay, Walter McNally.

Fourth Ward—C. H. Kennerly, Leo Jacobson.

Fifth Ward—H. M. Fearnside, J. H. Millican.

Sixth Ward—L. N. Robinson, J. A. Adams.

Seventh Ward—W. M. Cannon, H. A. Davis.

J. H. Yelverton, Jr., president.

The Council meets semi-monthly, viz: On the first and third Tuesday night at 8 o'clock, at the Council Chamber in the City Hall, on Reid street, between N 2d and N 3d.

### STANDING COMMITTEES.

Finance—W. P. Merriam, F. H. Wilson, H. A. Davis.

Light—F. H. Wilson, W. P. Merriam, H. A. Davis.

Water—J. H. Millican, J. M. Pounds, W. M. Cannon.

Ordinance—Leo Jacobson, Walter McNally, C. H. Kennerly.

Sanitary—J. M. Pounds, Walter McNally, L. N. Robinson.\*

Property—C. H. Kennerly, J. A. Adams,\* Leo Jacobson.

Street—H. M. Fearnside, Benj. I. Gay, C. H. Kennerly.

Police—W. M. Cannon, J. H. Millican, J. M. Pounds.

### FIRE DEPARTMENT.

The fire fighting apparatus consists of one 70-horse power combination auto chemical engine and truck, one hook and ladder truck and four hose reels, the former being stationed at the City Hall and the latter are housed in various quarters of the city.

## PAID FIREMEN.

Albert Phillips, Jr., chief.  
 E. D. Sims, 1st assistant chief.  
 Robt. Ireland, 2d assistant chief.

## VOLUNTEER FIREMEN.

These fire laddies can be depended on and are veterans at the business, and it is to their credit that no serious conflagration has occurred in the past several years. The organization consists of the following named gentlemen, who are active members:

Warren McRoberts, H. J. White, Harold Barstow, Henry Hutchinson, Jr., Nick Dillon, Lonnie Caine, William Pearce, M. Kanner, Howard Rowton, Arthur Cochrane, Chilton Gross, Benj. I. Gay.

The honorary membership consists of H. M. Fearnside, William Hicks, Marvin H. Martin, Clarence Kennerly.

Mr. Howard Rowton holds the office of Secretary.

## WATER WORKS.

Samuel C. Stallings, city engineer.  
 Henry L. Baker, assistant city engineer.

## POSTOFFICE.

H. Gray, postmaster.  
 S. G. Coburn, Assistant Postmaster.  
 Clerks—Wendell Beasley, money order; Myrtle K. Holden, stamp; Mark H. Shaw, general delivery; R. H. Philips, dispatching; Claude W. Shaw, dispatching; N. A. Stumpe, substitute.  
 Carriers—Herman D. Collette, No. 1; H. A. Osgood, No. 2; M. C. Dupont, substitute.  
 Rural Carriers—Oscar Smith, No. 1; R. F. Rig-

don, No. 2; Leon Roddy and T. E. Strange, substitutes.

## Mails Close:

Florida East Coast, Southbound: 10:50 a. m., 2:30 p. m., and 10 p. m. Northbound: 6:05 a. m., 10:50 a. m., and 4:30 p. m.

Atlantic Coast Line, Northbound: 1:30 p. m., 4:15 p. m., and 10 p. m. Southbound: 11 a. m., 2:30 p. m., and 10 p. m.

Georgia Southern: 4:45 a. m., and 4:05 p. m.

Ocala & Northern: 7:10 a. m.

A. C. L., "Pea Vine": 11 a. m.

Rural delivery, Nos. 1 and 2: 8:10 a. m.

St. Johns River: To Riverdale, 1:30 p. m.; to Drayton Island, 2 p. m.

Free delivery of mail in the city and various rural mail routes into the surrounding country adds to the many advantages to be had in Palatka. A new post-office building, for which Congress has appropriated \$65,000, will be erected in the near future.

The mail facilities of Palatka are of the highest class. The numerous railroad connections give the opportunity of sending out mail many times during the day and night. Through the efficient postmaster and his corps of obliging and courteous assistants and clerks the postal business is executed in a manner which calls for commendation and approval of the patrons of the postoffice.

## PUBLIC SCHOOLS.

The Board of Public Instruction, J. D. Cottingham, superintendent and secretary, meets first Tuesday in each month.

Members of the Board—F. D. Wattles (chairman), Palatka; J. H. Green, Fruitland; E. R. Conway, Bostwick.

List of Teachers (White)—R. W. Van Brunt, Palatka; Miss Ida J. Franklin, Palatka; Miss Estelle Mc-

Kenzie, Palatka, Miss Georgia Johnson, Palatka; Miss Mary McLaughlin, Palatka; Miss Mabel Holcomb, Palatka; Miss Irene Gardner, Palatka; Miss Eva Sleaf, Palatka; Miss Katie Barstow, Palatka; Mrs. Daisy Pickren, Palatka; Mrs. Adelaide Merryday, Palatka; Miss Bessie Spain, Palatka.

West Palatka, No. 16—Miss Ada Worley, Palatka R. F. D. No. 2.

East Palatka, No. 22—Miss Nellie Vause, East Palatka.

#### COLORED SCHOOLS.

Central Academy—List of Teachers—J. A. Lockett, Miss Maggie M. Drakeford, Miss Maggie Trapp, Miss Bessie Gammon, Miss Carrie L. Malloy, Miss Pearl Osgood, Miss Allaine Mapp, Miss Estelle Greenlee, Miss Maud Grice, Miss Mattie Young, Miss Pearl Ansley.

East Palatka—Margaret Holmes.

## The Churches of Palatka

(Owing to changing seasons, the hours of service will not be given. For hours of service, reference may be made to local papers)

St Mark's Episcopal, cor Main and N 2d

First Presbyterian, Laurel, intersection, S 1st and S 2d—Rev J W Purcell, pastor

St James Methodist Episcopal, South, cor Oak and S 4th—Rev W M Poage, pastor; E M Earnest, supt Sunday school

First Baptist, cor Oak and S 5th—Rev P Q Cason, pastor; B E Jarrett, supt Sunday school

St Monica's Catholic, cor Oak and S 14th—Rev J D Laplante, pastor

#### FIRST BAPTIST CHURCH.

First Baptist Church is one of the leading churches of the city. It is centrally located and its membership is a live one. Rev. P. Quintius Cason, its present pastor, came to the church about five years ago, and his work has been successful in every department.

Rev Cason is a Floridian; he was born in Alachua County and at an early age began teaching in the public schools of that county, and subsequently in four other counties in the State. He attended the University of Florida, after which he studied theology in the Southern Baptist Theological Seminary at Louisville, Ky., and today is among the leading divines of that denomination. The officers of the church are:

Board of Deacons—H. O. Hamm, R. L. Earnest, J. W. Cowen, B. E. Jarrett, J. H. Harmon.

Superintendent of Sunday School—B. E. Jarrett.

Woman's Missionary Union—Mrs. J. H. Harmon, president.

Ladies' Aid Sociey—Mrs. P. Quintius Cason, President.

#### ST. MONICA'S CATHOLIC CHURCH.

Away back in the fifties the mission of Palatka was attended by priests from St. Augustine and Jacksonville. The first church—a small frame building—was blessed and dedicated to God under the patronage of St. Monica on December 8th, A. D. 1858, by Rev. Edmond Aubril, authorized by Rt. Rev. Augustine Verol, Bishop of Danube *in partibus infidelium*, and Vicar Apostolic of Florida. Fr. Hamilton, pastor of Jacksonville, gave his services during '59-'60. Frs. Aubril, Chambon, Clavreul, etc., in '61.

The troubled days of civil strife came on, blighting all missionary effort.

From the close of the unfortunate struggle to '73, Frs. Clavreul, Spandonari and Hugon cheerfully endured severe hardships attending the mission.

On the 23d of February, '73, Fr. Gaboury was appointed first resident pastor, and Rev. W. A. Margison succeeded him in July, 1874. Fr. Felix Ghione followed in January 27, 1876.

The Rev. W. J. Kenny, now Bishop of the diocese of St. Augustine, was promoted from Jacksonville, where he was generally beloved, to the pastoral charge of St. Monica's Church, and labored earnestly and untiringly for the spiritual uplift of the scattered flock in Putnam and neighboring counties during the years 1881-84, being recalled to Jacksonville on the death of its pastor, and replaced by Fr. B. O'Reilly, who is still kindly remembered here.

In 1887 Fr. W. Walsh took charge, remaining until 1891.

Then, after a brilliant course in Margret College, Limerick, Ireland, and in the American College, Rome, Fr. John O'Brien came in 1892 to take up the work of his worthy predecessor. But a few short years after his arrival he saw his flock greatly reduced, owing to the terrible freeze of 1894-95, which wiped out the orange industry on which they mainly depended.

In spite of this calamity, he set to work to secure funds for a new church, as the old one was no longer safe. In response to his efforts a sum of money was soon on hand sufficient to warrant the beginning of operations; and on the 31st day of October, 1897, Rt. Rev. Bishop Moore blessed and laid the corner stone, and on May 4, 1899, he blessed the finished edifice.

In 1903, in recognition of his eminent services, Fr. O'Brien was promoted to the flourishing parish of St. Michael's, Fernandina, and was succeeded in these missions by Rev. P. Barry.

With the co-operation of the faithful under his charge and fellow citizens of every denomination, he has been able to pay off all debts on the building, so that today the people behold on the corner of Fourth and Oak streets a solid brick structure, whose grace-

ful spire, surmounted by the emblem of salvation, tells the tale of faith and self sacrifice.

To the small but hard-working band of ladies of this parish is due the greatest praise and most of the glory of this achievement.

Rev. P. Barry was succeeded by Rev. J. D. Laplante, C. S. V., October 1, 1913.

### THE PRESBYTERIAN CHURCH.

Rev. J. W. Purcell, D. D., Pastor.

The first regular service of Presbyterians in Palatka was held the first Sabbath in November, 1855, by the Rev. Joseph M. Quarterman, who had been called from Mount Vernon, Ga., to take charge of this work. The formal organization of the church was effected February 16, 1856, by Rev. J. H. Myers, D. D., of St. Augustine, acting by authority of the Presbytery.

The church was organized with eight members, as follows: Judge Wm. A. Forward, Mrs. Mary A. Forward, Mrs. E. W. Quarterman, Mrs. A. W. Cassels, Mrs. Mary A. DeVaul, Mrs. Sarah J. Askew, Mrs. Frances Price and Miss Lydia J. Forward. During the first year six others were added, three of whom remain with us until now, namely, Mrs. Mary F. Benet, Mrs. Ruth M. Jeffries and Mrs. Eliza Gray.

The following have served as pastors: Rev. Joseph M. Quarterman, 1855-58; Rev. E. P. Frierson, part of 1859 as supply; Rev. E. P. Crane, 1859-63; various supplies, 1864-70; Rev. B. C. Robertson, 1871-72; Revs. Edward Wurtz, B. L. Baker, Henry Brown, and J. H. Myers, supplies 1872-77; Rev. E. H. Briggs, 1877-80; Rev. W. A. Hendrickson, 1880-82; Rev. Samuel T. Wilson, D. D., Rev. J. B. Dunn, D. D., Rev. Luther H. Wilson, supplies 1883-90; Rev. Wm. S. Wallace, 1890-95; Rev. T. C. Marshall, supply 1895-97; Rev. Thos. P. Hay, D. D., 1897-1903; Rev. L. Ross Lynn, 1903-09; Rev. J. W. Purcell, D. D., 1910.

The following have served as Elders: Wm. A. Forward, A. W. Cassells, F. P. Kelly, H. H. Forward, J. H. Mason, Calvin Gillis, W. F. Forward, S. C. Quarterman, J. T. Dunn, Wm. Ewing, A. T. Capen, J. W. McLaury, Wm. Thompson, C. C. Lancaster, W. G. Campbell, H. M. de Montmollin, C. J. Garrett, S. P. Hollinrake, S. J. Barstow, A. T. Anderson, and J. Walter Hilliard. The present Elders are Messrs. Barstow, de Montmollin, and Hilliard.

During the fifty-eight years of the church's history about 400 persons have been enrolled; the present membership is 150. The building is in good condition, there is no debt, and the equipment is all that is needed for a successful working church plant. All pews are free, and a warm greeting will be given all who worship here.

#### ST. JAMES METHODIST EPISCOPAL CHURCH, SOUTH.

It is not known just when the Methodist Church was organized in Palatka, but probably about 1850 and 1855.

The first church was a small frame building on the corner of Oak and 4th streets, where the present church stands. It was built a short while before 1860. The present church building was erected in 1885.

Since its organization nearly one thousand persons have united with this church. The present membership is 325.

Beginning with 1870 the following ministers have been pastors of the Palatka Methodist Church: J. W. Duncan, S. S. Moore, J. E. Dodd, H. E. Partridge, T. W. Thompkins, T. W. Moore, S. B. Armstead, W. O. Butler, S. Woodberry, W. Dunbar, J. B. Ley, F. R. Bridges, J. A. Castell, R. L. Honiker, A. E. Householder, J. P. Hilburn, H. N. Williams, W. E. H. Mabry, A. Woodward, E. J. Gates, J. F. Bell, H. Dutil and W. M. Poage.

The church has bought the lot on the corner of Reid and 4th streets and built a splendid parsonage and hope soon to erect a handsome church to meet the possibilities of the Sunday school and congregation.

Rev. William M. Poage is the present pastor.

Rose, pastor

Primitive Baptist Church, cor 15th and Bronson—  
Rev A Bright, pastor

#### MT. TABOR BAPTIST CHURCH.

Was organized Sept. 15, 1865. Rev. P. P. Bishop, Rev Jones and Rev. Samuel Small constituted the council that ordained Bros. Jackson Wright and Ned Hutchinson as the first deacons. In 1871 Rev. William Bell was ordained at Gainesville, Fla., and came to the church as its first regular pastor and continued as such for eighteen consecutive years. Following him came Rev. L. N. Robison, who preached successfully for seven years and succeeded in lifting the heavy

debt under which the church was laboring. He was succeeded by the Rev. Bell, who filled the pulpit for two years. In 1898 Rev. E. M. Brawley was chosen as pastor and served for sixteen months, when Rev. Bell was again called and led the flock for another two years. In 1902 Rev. F. W. Wells came and presided as pastor until his decease in the year 1912. Rev. A. C. Williams served a year; then came an interval in the affairs of the church because of building a new edifice, during which time the church was without a regular pastor.

The present pastor, Rev. D. F. Thompson, is a man of culture and is now the respected pastor of a membership of about 450. The Rev. Bell is still a member of Mt. Tabor and is not only one of its most earnest and influential workers, but is looked upon as one of the fathers in Israel.

#### CALVARY BAPTIST CHURCH.

Calvary Baptist Church is located on the corner of 10th and Madison streets and was organized August 20, 1888, by Rev. Dr. W. A. Wilkerson, Rev. L. N. Robinson and Rev. W. M. Bell. Reuben Reed and Samuel Brown were ordained as deacons of the church. Rev. John Brown was called to the pastorate and remained two years, during which time many additions to the church were had. Rev. R. H. Griffin, of Gainesville, succeeded Rev. Brown and remained about one and one-half year. The church grew very materially during his ministration, after which it was without a pastor for nearly a year, but services were continued regularly. In 1894 Rev. L. W. Washington, of Gainesville, was called and accepted the pastorate, but remained only a few months, returning to Gainesville. Rev. John Brown again ministered to the church until March, 1895, when Rev. T. A. Roberts, of Albany, Ga., came and has remained as pastor until the present time.

Rev. Roberts was born in Albany, Ga., was educated in the public schools of that city and later studied theology under Dr. McClendon at Jacksonville, Fla., and was ordained in that city in 1894. He accepted a call to St. Marks Baptist Church at Middleburg, Fla., and remained there for two years. Coming to Palatka and becoming the pastor of Calvary Church he has labored among his people until Calvary Church is known throughout the State. Its membership is about 200. Seats are free and the officers extend a hearty welcome to all who accept the invitation to worship with them.

#### EMANUEL M. E. CHURCH.

This handsome church is located at Main and N 7th. It is one of the Methodist Churches that notwithstanding trial and adversity has forged ahead until it is now recognized as one of the leading churches in the Methodist Conference. It was organized in 1885 and rebuilt in 1912. At its organization there were nine members. Rev. Squire Jackson was its first pastor. He served for two years, followed by Rev. G. A. Roberts; following him came Rev. W. Suawn.

Fortunately for Emanuel Church it has had the best of preachers assigned them. The following ministers have served the church: A. Solomon, D. E. Jacob, Thos. Holsondorf, A. S. J. Allen, L. J. Littles, S. J. McCray, O. V. Jackson, Scot Bartley, T. M. Spicer, S. P. Pratt, W. T. Collier, J. M. Trammell, O. C. Collins, W. M. Harley and I. C. Manus.

The present pastor, Rev. Thomas Eugene DeBose, is now completing his fifth year, and has had a successful ministry. The church, under his management and leadership has prospered; he planned the new church and by persistent effort, with friendly aid, succeeded in building the handsome church. It is modern, well appointed and has a property value of \$10,000.

### MT. VERNON PRESBYTERIAN CHURCH

Rev. Geo. F. Ellison, A. M., Pastor.

The church was organized in 1890, by the East Florida Presbytery, and was then known as the Second Presbyterian Church of Palatka. Its first pastor was Rev. Mr. McLain, who in conjunction with James L. Capers, James Adams, William Alston, P. W. Joseph and J. W. Echelberger, trustees, secured the land where the present handsome edifice now stands. In 1896 an application was made to the East Florida Presbytery to change the name of the church, which was granted. From the year 1895 to 1901, Rev. Harold C. Ugganis was pastor of the church. From 1902 to 1907 Rev. W. F. Kennedy carried forward the work of both church and school. From 1908 to 1912 Rev. Franklin Gregg was a faithful supply. In January, 1912, the present pastor, Rev. Geo. T. Ellison, was called by the congregation, and since then the work of the church and school has been wonderfully blest, and its advance rapid.

The Elders of the church are: L. P. Thompson, L. L. Trapp, Thos. Smith. Deacons—A. Bligen, Chas. Spencer (deceased). Trustees—L. L. Trapp, G. A. Browning and A. Bligen.

A cordial invitation is extended to worship with this congregation—corner of 8th and Lemon streets.

### BETHEL AFRICAN METHODIST EPISCOPAL CHURCH.

Like most great institutions, it was organized under difficulties. The first meeting was held at the close of the year 1866. The first church house was at the corner of Hotel and Emmett streets. During 1904 and '05 the present site was selected and purchased and by 1912 the church, a beautiful structure, was erected. It has added very materially to the usefulness and influence of the denomination in Palatka.

The present pastor, Rev. Carey, is a man of great force and personal magnetism, and has succeeded in drawing to him the workers of his congregation.

### Secret Societies

Palatka Lodge No 34, F & A M—Regular communications 1st and 3d Friday nights in each month

Putnam Chapter No 9, R A M—Regular convocations 2d and 4th Mondays in each month

Palatka Commandery No 5, K T—Regular conclaves 1st and 3d Thursday nights in each month

Palatka Lodge No 1232, B P O E, cor Lemon and 2d—Meets every Monday night

Improved Order of Red Men in Palatka was organized August 4, 1881. Its name was Seminole Tribe No. 3. For a time it struggled against many odds, such as death, sickness and disease, and finally succumbed temporarily. It was reorganized on February 17, 1892, taking the name of Okeehumkee Tribe No. 15. Since that time it has prospered wonderfully, both in number and finance and is noted throughout the state for having furnished

seven great Sachems since its re-organization. The Wigwam is located in Transportation Row on North First street, is nicely furnished and fully equipped to carry out the work of the Tribe which in the past as well as present, has had the crack degree team of the Florida Hunting Grounds. The tribe has paid many dollars for sick, accident and funeral benefits and still has a goodly sum in its treasury. Its membership consists of 180 good men from all stations in life, ever ready to promulgate the purposes of the order. They meet every Monday night. To all visiting as well as resident Red Men, the usual welcome and hospitality of the tribe is extended.

Redwing Council No. 7, Degree of Pocahontas, was organized February 15, 1911, with a membership of 36. The council is composed of a live, wide-awake fraternity of ladies by whose unceasing efforts have doubled the membership. They are proud of their lodge and take great interest in their degree team, which has all the necessary accoutrements and paraphernalia to impress a candidate that there is more than fun in the initiatory ceremony.

The council meets every Thursday night at Red Men's Hall. They also extend an earnest invitation to their visiting sisters of the order.

#### COLORED SECRET SOCIETIES

Palatka Athletic Association (Inc)—A social organization for the physical development and benefit of its members Club house on River st, S

## The Board of Trade of "Our Town."

The Palatka Board of Trade has a membership of over 200 active business men and citizens, all thoroughly united:

To promote the utilization of local and tributary resources; to give thought and encouragement to changes that will make the city a more attractive, wholesome and healthful place in which to raise children—one in which the children will become diligent, useful and law-abiding citizens, ever ready to respond to public duty; a place where the manufacturer can find a proper site for his factory or mill, with efficient employes and necessary transportation facilities; a place where the workman can have the right kind of a home; a place in which every citizen will take more pride because of its increased cleanliness and beauty; and to fittingly advertise these facts and advantages to all the world.

The Board has large ground floor rooms at 114 South Second street, a half block from Lemon street, with auditorium for public meetings, a collection of goods made by the factories of the city, and of products of the farms, groves and gardens of Putnam county, and inspection is cordially invited.

Visitors will also find a plentiful supply of printed matter descriptive of the town, County and State, for free distribution and a display of maps and pictures well worth seeing.

Palatka is the seat of justice of Putnam County. The population of the city is about 6,500; of the county about

20,000 and 18 foreign countries and nearly every state in the Union is represented.

Putnam County contains 752 square miles with more than 100 miles of railways, equal in proportion to area perhaps with any other in the state. Through a combination of rail and water transportation facilities and consequent low freight rates, Palatka has become a manufacturing center of importance and this field of investment is a most inviting one.

The claim of the Board that Palatka is one of the best cities in Florida is not made in a boasting spirit. It is with pardonable pride that the people term it "Our Town."

Every community feels a pride in the possessions of certain features and advantages which it believes are distinctive of its own town. Town pride is the upbuilding of Florida, and is the best evidence that a people are active and prosperous, inviting inspection and welcoming newcomers.

Palatka possesses this town pride to a large degree, and the rapid building and progress made in the past two or three years are truly indicative of the kind of results which are obtained when citizens are fully awake to the advancement of their own community.

Palatka, linked inseparably with the progress and prosperity and fame of the St. Johns river region, is one of Florida's best assets. Primarily a steamer and railroad center it offers unusual transportation facilities, and is rapidly becoming a heavy shipping and transfer point, constantly attractive to new industries. When we get our municipal docks we will push to the front as the chief interior city of the state.

Yes, "Our Town" is growing. It is growing with Jacksonville, with Tampa, with Miami, with all the other cities and towns of the state. It will continue to grow, for we have the backbone of Florida citizenship to push and prosper a section which is naturally favored by Nature and which opens up the horn of plenty to all who come and intelligently apply themselves.

First, we invite your attention; second, your investi-

gation; third, your residence and investment, in "Our Town."

As Jacksonville, 55 miles away and in connection by two different railway lines and two regular steamer lines, is the gateway to Florida, so Palatka's latch opens upon the little empire within Florida, wherein the purest air, the best water, the most healthful climate, the most productive soil and the greatest possibilities exist, barring none. To any reader who is thinking of locating we say, "try us." In "Our Town" may be the opportunity, perhaps, for the very business in which you are engaged. You will be well taken care of while here, for we have hotel, boarding and rooming facilities equal to any in the state. We are sociable. We believe you will find a spirit of honesty, and hospitality, and hustle and business and intelligence and cheerfulness that will interest you.

Palatka has good schools. There is efficiency in every department. The course includes the primary and grammar grades and a high school curriculum by which students are prepared for college. There are also three schools under church auspices, Catholic, Episcopal and Presbyterian, also practical business college and a school of music. A helpful adjunct is a free public library and reading room open every afternoon and evening. There are good schools for the colored people.

No town of equal population in the south equals Palatka in miles of brick streets and concrete sidewalks, there being twelve miles of vitrified brick and hard surface pavements, and twenty miles of model sidewalks.

The town is particularly fortunate in the high character of its newspapers. There are seven printing offices, and two daily, four weekly and one monthly papers are issued. No other town in Florida or the South can equal "Our Town" in this respect.

"Our Town" has excellent hotels, boarding places, apartments for light housekeeping and rooming houses. The spacious Putnam Hotel can care for 400 guests, while the Kupperbusch, Saratoga, Arlington, Howell and others have accommodation for many guests. The New James' restaurant is one of the finest in the South.

The leading fraternal, benevolent, patriotic, religious and civic societies attest the social and kindly spirit of "Our Town." These include the Masons, from blue lodge to commandery, Eastern Star, Odd Fellows, Rebekahs, Knights of Pythias, Pythian Sisters, Elks, Red-Men, Woodmen, Moose, American Mechanics, U. D. of C., U. C. V., G. A. R., S. of V., V. A. of B. and G., Woman's Civic Club, Memorial Association, etc., while the churches have kindred societies for young folks. The colored people also have their various secret, religious and fraternal orders. There is no lack of chance to "jine" the kind of society one has most interest in. The Knights of Pythias own their Castle Hall, a property worth \$8,000, the finest in Florida, while the Masons are arranging to build a Temple, having their site, and a fund ample to begin construction. The Elks and the Woman's Club also own building lots.

In volume of freight traffic Palatka is the fourth city in Florida.

There is a fire department with motor equipment; since it was established it has become a source of pride to the city, and has measurably reduced the cost of fire insurance.

An efficient police department is provided and all property and citizens are so carefully protected that there has never been any serious loss, trouble or disturbance.

"Our Town" enjoys free delivery of mail and various rural mail routes run into the surrounding country.

Religion is represented in "Our Town" by leading church organizations:—Baptist, Catholic, Episcopal, Methodist, Presbyterian, etc., with attractive buildings, eloquent ministers, pipe organs and choirs with real singers and Sunday Schools with devoted teachers. Colored people, too, have good church structures and large congregations. Christian hospitality is a common trait of life in Palatka and strangers entering its churches are greeted by a hearty welcome, such as brings them back again.

An Athletic Association owns a large club house on the river bank and is supplied with much valuable apparatus. There may be larger club houses in the state, but

none more attractively located. Good theatres are in evidence, and we have "movies" of course, and a brass band generously gives open air concerts every Saturday evening all the year round.

"Our Town" has two bridges across the St. Johns River, one of them being the only wagon bridge across that great stream.

Within a radius of thirty miles of "Our Town" is one of Florida's artesian well districts with pressure ample to send water 25 feet above the surface. This area has a remarkable underground water supply.

Palatka is encircled with a complete sewerage system, giving protection against unsanitary conditions and the spread of disease. Ours is one of the few cities in Florida with soft water. Our water works, two systems, supply ample quantity good water for all purposes.

Palatka at the head of deep navigation on the St. Johns river, with six steamer lines, has access to the sea and the world. This gives the city minimum freight rates. Sailing vessels are regularly seen in our harbor, being loaded with cargoes from our mills, destined for New York and other Atlantic Coast ports.

Palatka has four different railroad lines, the leading ones of the South, giving ready access to all parts of Florida and the country at large. These roads are as follows: The main line of the Atlantic Coast Line, with large transfer yards and a branch line and river docks. The main line of the Florida East Coast System, with bridge across the St. Johns and a branch line. The terminals of the Georgia Southern & Florida—an important link in the Southern Railway System, with river docks. The Ocala Northern Railway, with important river frontage.

The first two run through cars from New York and Chicago and the winter service is as complete as any in the country.

"Our Town" has many important industries, among them the following:

Largest cypress saw mill in the state, if not the South; capacity 100,000 feet a day; planing mill in con-

nection, daily capacity 60,000 feet. 15,000,000 feet of lumber usually on hand.

Largest cypress door factory in the South. Output goes everywhere by car and ship; daily capacity 800 doors, 400 sash and blinds.

Largest cypress railway and windmill water tank and silo factory in the South and only one in the state. Shipments to all parts of the Union and foreign countries.

Largest orange box handling firm in the state. Sales in 1914 over a million boxes, one-sixth of all used in Florida last season.

One large bucket and cedar pail factory; shipments made to northern packing houses and wholesale stores; daily capacity 1,000 pails and buckets.

Largest exclusive paper and stationery house in the State.

Largest mail order seed house in the state. In all three seed houses, two of them exclusive.

Two cypress shingle mills.

Three pine lumber saw mills.

One wood veneer crate and box plant.

Three novelty woodworking plants.

One Utahmite Safety Powder Works; only plant of its kind in the State.

One marmalade and jelly factory.

One candy factory.

Two opera houses with regular appearances of leading theatrical companies.

Large bottling works; high-grade soft drinks.

Four cigar factories, one of them employing 40 to 50 workmen and all turning out high-grade goods.

One large fertilizer plant.

Two iron and brass foundries.

Four machine shops.

Three marine railways.

Two boat building plants.

One ice factory of large capacity.

One gas factory.

One steam laundry and several hand laundries.

One mineral water swimming pool.

Wholesale houses handling a large variety of commodities.

With ample and easily accessible raw material in wood, wool and cotton, direct rail and boat transportation to large markets and plenty of labor, it is no idle boast to say that "Our Town" is a logical point for manufacturing and jobbing industries.

"Our Town" has attractive county and city buildings all well equipped, and governmental affairs are in the hands of competent officials.

Western Union and Postal Telegraph service and local and long distance telephones put "Our Town" in connection with the world.

As a residential city Palatka has exceptional advantages. It has delightful surroundings, miles of paved streets, superior educational opportunities, and excellent climatic conditions.

It is a law-abiding community, and a good place in which to live. Noble trees shade its streets. Its health record is of the best standing. It is a summer as well as a winter resort.

"Our Town" has strong banks, three of them, and two are American roll of honor banks, no other place in the State enjoying this distinction.

Palatka is one of twelve Florida cities having health departments that report vital statistics to the State and Federal governments.

Palatka is at the head of deep water navigation on the St. Johns river. This great stream flowing from the south to the north is one of the wonderful waterways of America. From its mouth in the Atlantic to Palatka and above, it varies in depth from 15 to 150 feet, and in width from 1 to 5 miles.

At Palatka it narrows to seven-eighths of a mile and is spanned by the only public traffic bridge on its entire length.

It maintains the same even flow, except when affected by tides, the highest at Palatka being about a foot and a half, and there are no swift currents, no floods, no overflows.

Along its banks and many tributaries are vast forests of cypress, pine, maple, gum, oak, hickory, magnolia, bay, poplar and other commercial timber trees.

It affords unusual opportunities for houseboating, yachting, sailing, rowing, motoring, bathing, hunting and fishing.

The Ocklawaha, one of the most charming rivers of America, is a tributary of the St. Johns. Trips on this river are made during the winter from Palatka by two steamer lines to Silver Springs, one of the largest and most surprising in flow of water, its outlet forming a navigable stream.

The St. Johns river and the lakes of the county abound in fish, and a large industry in connection therewith is carried on. In addition these waters afford unusual sport for Northern visitors. It requires no skill for even the novice to keep his table supplied with fish—an excellent substitute for meats. Fish of many varieties are caught.

Putnam County is essentially a locality for the man of moderate means whose livelihood must be by the work of his own hands. With the same skill and industry he can make a few acres yield as much as many acres north of the Ohio river. The farmer in this county never completely loses his year's work as he must in northern regions. Here he has at least three chances in a year whereas the Northern farmer usually has one. Unfavorable conditions here one month are sure to be repaired in succeeding months.

Farm and crop values, home pleasures and neighborhood associations are all affected by good roads. Putnam County has within the last few years expended over \$100,000 for county roads and the work will be continued. Putnam County has shell mounds ample to make good all of its county roads and city and village streets.

Pioneer days are over in Putnam County. The richest country in the world would have little attraction for the average man, if it were without neighbors, schools, churches, stores, banks, roads and other accessories of modern life. These will be found in the County of Putnam.

There are openings in "Our Town" for many kinds of industries, with facilities to reach markets by rail and boat, not enjoyed by any other town in Florida, except one. With our opportunities for good living people from everywhere are invited to come and see us.

As a residential city Palatka has exceptional advantages. It has delightful surroundings, miles of paved streets, superior educational, religious, literary, musical and fraternal opportunities, and excellent climatic conditions.

If particulars as herein set forth do not cover all in which the reader may be interested, do not hesitate to write to the Board of Trade, Palatka, Florida, and go into detail, and every inquiry will be faithfully answered.

It is not mere numbers to swell our population, and therefore we hold out no flattering inducements to a floating element, never satisfied anywhere and useless as citizens.

We do want, however, to acquaint good people who may not enjoy what they desire as regards health, milder climate, outdoor life, school and church advantages, conveniences of living and prospects of success, with what we believe to be a candid outline of conditions here. We know that desirable citizens never cast their lot anywhere without careful investigation and that is what we want. We invite the reader to a better knowledge of Palatka and its citizenship and advantages.

It can be said of Palatka that it is blessed with peace, health and abundance—that it has an intelligent citizenship—about it are vast resources of forest and field and water in sight and greater things in expectancy—therefore what is there we can reasonably and rationally desire to effect that we may not hope to accomplish?

Florida is no longer merely the Land of Flowers; it is the "Land of Opportunities." You must live somewhere. Why not in Florida? Buy your tickets to Palatka. After carefully investigating you will make it your home.

For further information, write to the Board of Trade, Palatka, Florida.

## Welaka, Putnam County, Florida

Welaka is situated on the east bank of the beautiful St. Johns river, just opposite the mouth of the picturesque Ocklawaha, thus making it immediately contiguous to excellent fishing and hunting.

Welaka is surrounded by almost innumerable home sites, and the lands are so diversified that the prospective settler who could not find something to please would, indeed, be hard to suit.

Welaka has some of the most beautiful orange groves to be found in East Central Florida. The tourist or home seeker will make no mistake by coming to Welaka. Put Welaka on your want list as one of the places, and be sure to see it. Welaka has good churches and schools; its people are anxious to form your acquaintance. *So see that your Clyde Line tickets read to Welaka.*

Write to Welaka Board of Trade for information.

### FACTS ABOUT WELAKA

Every person who visits Welaka for any length of time is impressed with its possibilities as a tourist resort, and there are many reasons for this conclusion. The people of Welaka are refined, educated and filled with the spirit of genuine Southern hospitality, so that visitors soon feel at home and invariably wish to return. The charming surroundings, climate, healthfulness, and abundant comforts make it an ideal winter resort, and many find the summer climate healthful and enjoyable, as comparatively little oppressive warm weather is experienced.

Welaka is sufficiently removed from the Atlantic and the Gulf to be free from the disagreeable dampness that so often spoils the pleasure of those who go to the watering places on the coast in winter, and at the same time we get the benefit of the filtered sea air, laden with the fragrance of the pine forests.

Fishing and boating around Welaka cannot be excelled and hunting is also exceptionally good. The boating deserves special mention. There are thirty or more interesting launch trips from Welaka and the St Johns and Ocklawaha rivers offer a never ending variety of trips and excursions in row boats and canoes.

In addition to the attractive features of Welaka as a tourist resort there are a number of conditions that make it a wonderful health resort.

There is in, and controlled by, the town one of the most remarkable mineral waters in the world. The Welaka Mineral Water comes from a subterranean spring 329 feet below the surface and was found in an attempt to drive an artesian well for the town.

The analysis of this water by an expert chemist, Dr. Robert S. Weston, of Boston, shows the wonderful mineral composition of the water to be as follows:

Silica -----	.07 grs. per gal
Alumina -----	.05 grs. per gal
Iron Carbonate -----	.07 grs. per gal
Calcium Chloride -----	34.20 grs. per gal
Calcium Sulphate -----	40.70 grs. per gal
Calcium Nitrate -----	trace grs. per gal
Magnesia Bromide -----	.30 grs. per gal
Magnesia Chloride -----	29.60 grs. per gal
Magnesia Carbonate -----	14.10 grs per gal
Sodium Chloride -----	513.80 grs. per gal
Potassium Chloride -----	8.40 grs. per gal

It is evident that this is decidedly a chlorine water and only two other springs in the world can approach this one in this and other remarkable conditions.

A well equipped casino for baths has been erected and there is a good opportunity to develop this into a resort of equal efficiency with any other similar place that is known today.

The Mineral Water is used both internally and externally and is a good digestive stimulant and especially good as a uric acid solvent, hence it is of great value in rheumatism, etc.

Welaka is the third largest town in Putnam County and is situated on a high bluff on the east bank of the St Johns river and opposite the mouth of the famous Ocklawaha. Its streets are wide and hard surfaced and the town has good exits to the hard roads that are the route of all travelers going south from Jacksonville.

From the standpoint of the investor we offer the following: As is well known, there has been planned and approved by the State and Federal governments an elaborate system of canals leading from the Atlantic Ocean, the Gulf of Mexico and the Everglades into the St. Johns river with connections to other rivers and canals. Some of these canals have been already opened, and work on others is progressing and when the proposed system is completed Florida will have one of the most complete inland waterways in the world. The location of Welaka at the mouth of the Ocklawaha river should not be overlooked, as the canal across the state is to follow the Ocklawaha.

An immense amount of the resulting freight traffic will pass down the St. Johns river right by our doors and that from the Ocklawaha will do the same.

What these canals will do for the tourist with his yacht is left to the imagination.

## Agriculture, Manufacturing and Live Stock of Putnam County

By JULIEN deNAZARIE, County Enumerator  
For Putnam County

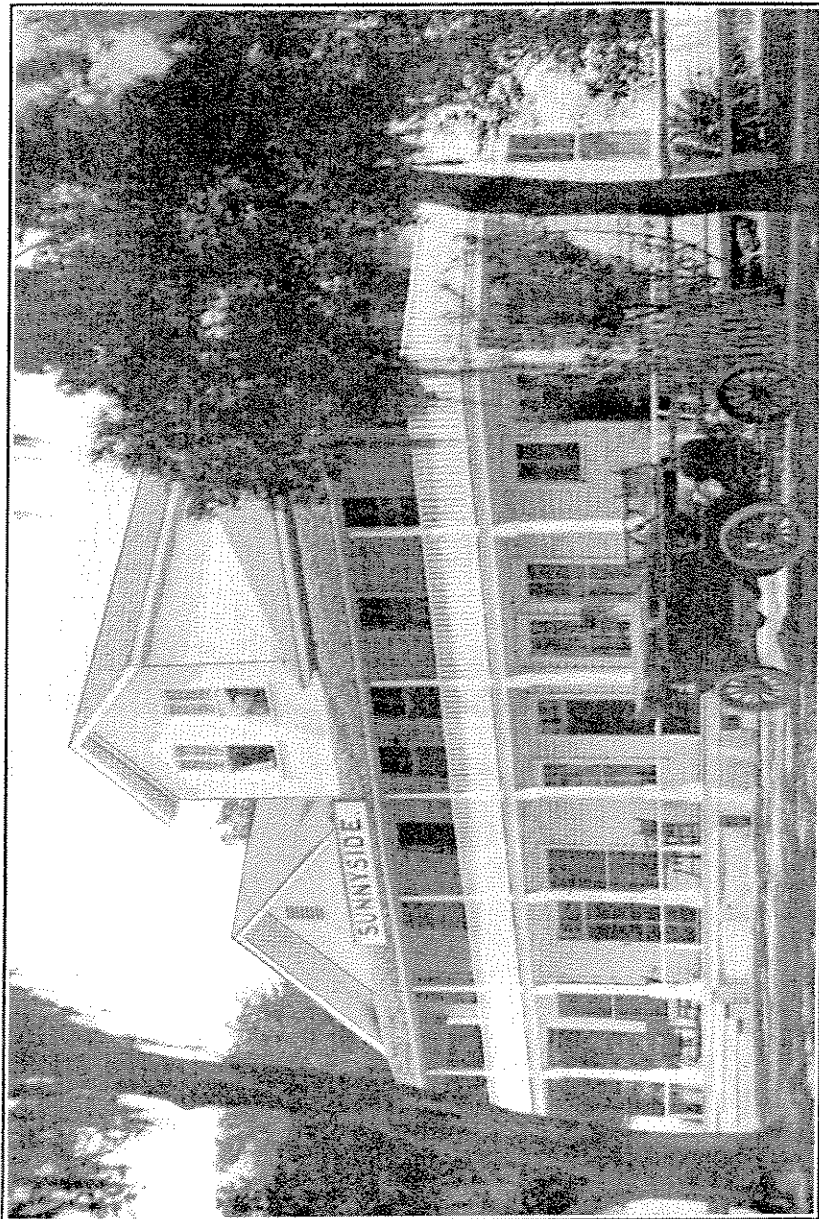

No better advertisement of a county can be made than the publication of the industrial progress and development, and to those interested in such matters and who wish information as to the possibilities of investment in such lines of activity in this county, these statistics are well worth careful perusal. There are 238 manufacturing industries reported for the year ending November 30th, 1914.

Capital invested .....	\$2,026,400
Wage earners .....	2,291
Total wages .....	\$1,105,975
Value of work .....	\$4,562,600

Two years have elapsed since a report has been made relative to the agricultural products of Putnam County, and the agricultural results, the like of which was not dreamed of by the most optimistic persons of a few years ago. We realize that there is no limit to the capacity of our soil and the possibilities for its development. The following report will bear us out in the assertion that Putnam is an agricultural County comparing favorably with any other in the State.

Cotton, bales .....	57
Corn, bushels .....	174,980
Sweet Potatoes, bushels .....	121,170
Rice, bushels .....	400
Syrup, barrels .....	515
Field Peas, bushels .....	5,733
Field Pea Hay, tons .....	1,589
Native Grass Hay, tons .....	715
Velvet Beans, bushels .....	1,397

Bees Wax, pounds -----	1,360
Figs, crates -----	236
TOTAL VALUE -----	\$1,097,708

At the present time Florida is more of a live-stock State than many suppose. Cattlemen have awakened to the fact of improving their stock. The hog-raisers in the past few years have so improved the various breeds that the old-time razor-back will soon be obliterated. Any country where the winters are short and mild, where water is plentiful and grasses and forage plants grow freely, the live stock industry can be profitably followed. As a part of the live stock industry, poultry has a place in the domestic finances—and economies as well as its amusements and ambitions. The poultry business here is no experiment. Chickens, geese, ducks, guineas, turkeys, squabs, every branch of the work has its advantages. A year-round out-door range with all winter laying climate is all that need be said to the wise poultry fancier.

The following figures are official:

## LIVE STOCK

Horses -----	1,316
Mules -----	735
Oxen, yoke -----	59
Stock Cattle -----	15,283

## CATTLE MOVEMENT

Purchased -----	195
Sold living -----	554
Slaughtered -----	1,913
Died -----	104

## HOGS AND GOATS

On hand -----	7,550
Slaughtered -----	2,846
Sold Living -----	500
Died of disease -----	1,440
Goats -----	777

## POULTRY

Chickens -----	50,630
Turkeys and Geese -----	1,222
Eggs Sold and Consumed -----	357,400

## DAIRY COWS

Cows -----	538
Milk, gallons -----	192,750
Butter, pounds -----	26,325
Total value of all products and live stock -----	\$997,102

The fishing industry of Putnam County and especially on the St. Johns river is assuming great proportions. From a reliable source we have obtained the following statistics which should be of value to those interested in

the fisheries. For the year 1914 there were caught and shipped the following:

Catfish, 634,762 pounds -----	\$ 50,780.96
Bream, 394,039 pounds -----	23,642.34
Croppie, 35,889 pounds -----	2,871.12
Bass, 156,503 pounds -----	15,650.30
Shad, 78,820 pounds -----	20,647.10
Herring, 108,500 pounds -----	2,441.25
Mullet, 24,000 pounds -----	960.00
Soft-shell Turtles -----	240.00

1,432,513 pounds. Value -----\$117,233.07

### ROBT. LEE KENNERLY

Sheriff

Has resided in Palatka for the past 16 years, and has been the fearless and efficient Sheriff of Putnam County for the last two terms. During his incumbency very many important arrests have been made, and four murderers have paid the death penalty. As a public officer many things can be said, none of which are discreditable to him as an officer or citizen. Before assuming public duties Mr. Kennerly was a stock raiser.

# ST. JOSEPH'S CONVENT

DAY SCHOOL FOR BOYS AND GIRLS

Established 1878.

Palatka, Fla.

This Institution is under the direction of the Sisters of St. Joseph, whose principal object is to form the minds of their pupils so as to render them, in after life, models of piety and ornaments to society.

The house is large, commodious and well ventilated. Its location is in one of the most desirable parts of the city.

In the admission of the pupils, no distinction is made with regard to religion.

The Music Department embraces a thorough mastery in Piano, Violin and Mandolin methods.

For further particulars, address The Sister Superior.

## A Competent Drug Store

Our facilities are adequate and we are legally competent and fit to take care of all your drug store wants. Every chemical and drug sold by us measures up not only to the ordinary required standard, but to our own high requirements of strength and purity. Years of experience in the drug business give us great advantage in the testing of drugs and chemicals, and educational qualifications place us in a position to render you the greatest amount of service. We solicit your patronage on the basis of pure drugs, satisfaction and fair dealing.

## The Hart Line

Operating the Steamer HIAWATHA tri-weekly through the heart of Florida over the mirror-like waters of the mysterious Ocklawaha River and the wonderful Silver Springs, stopping at Orange groves and flower gardens.

Silver Springs are said to be the largest and most beautiful Springs in the World.

Unsurpassed accommodations for first-class passengers, bountiful table, staterooms electrically lighted.

**~~Steamer BILLOW, Fast Day Boat,~~**  
**~~Runs over the Route Tri-Weekly~~**

## The Gem City Bulletin

A Paper Edited and Published by Colored  
 People, for Colored People.

This paper made its first appearance August, 1912. Its growth has been marvelous. H. A. Hagler, M. D. Potter and G. M. Ellison were its first promoters. Later H. A. Hagler severed his connection. The present company consists of M. D. Potter, Tampa, Fla., G. F. Ellison, W. T. White and Samuel Mungen, of Palatka. The Bulletin is well located and is equipped for Journalistic and Job Printing on the corner of Lemon and 8th Street, Palatka.
